Circuit breakers

General

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **29**
Volt range

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **29**
Hz/phase

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **29**
Power supply

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **29**
Power factor (%)

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **32**
Input power (standby) W

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **32**
Input power (off mode) W

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **32**
Cooling (nominal) A

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **32**
Cooling (max) A

Heat Pump

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **32**
Heating (nominal) A

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **32**
MCA A

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **32**
Recommended breaker size A

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **32**
MOCP A
LCDI Power Cord

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **29**
Amps

Notice: Undefined index: value in `/var/www/freelance/ephoca.com/template.php` on line **29**
